

# My Native Smokes

We're committed to providing Canadian communities with the highest-quality First Nations products, with exceptional service. At Native Smokes, we hope to see improvements in affordable accessibility for spirit products while also curbing the demand and supply of contraband tobacco products. My Native Smokes was a venture started to encourage economic growth within our community while also promoting the sale of legitimate smoking and tobacco products. As people of the First Nations, we're dedicated to upholding our values and advocating for high standards of well-being and excellence.
